

Summer University - 2024

Crafting Code: Minecraft Modding Course

27.06.2024 – 10.07.2024

Obuda University invites Computer Science Engineer and Computer Science Operational Engineer students from higher education institutions to participate in the International Summer University - Crafting Code: Minecraft Modding Course organized by Obuda University to be held between 27.06.2024 – 10.07.2024 physically at Obuda University, Budapest.

We offer a rich intercultural programme for participants in the days before and after the Minecraft Modding course, introducing them to Hungarian culture, Budapest and the study programs at Obuda University. For more information, please visit our website [here](#).

Minecraft Modding Course description: Join our 1-week immersive programming course and unlock the exciting world of Minecraft modifications! This hands-on experience will take you on a journey of trial and error, teaching you how to create your own custom mods for Minecraft. Throughout the course, you'll gain practical knowledge by diving into coding challenges and learning from mistakes.

ÓBUDAI EGYETEM
ÓBUDA UNIVERSITY

But it's not just all work! As part of the learning process, participants will also get the chance to play Minecraft and see their creations come to life in the game environment. By the end of this course, you'll have the skills to bring your imagination to life in Minecraft and craft your very own unique gaming experience. Get ready to code, create, and play in the extraordinary world of Minecraft modifications!

The mission: Creating a unique tool and armor set, a new biome, custom items and recipes and a new ore! And then using all of these new tools, we will try to build the best Minecraft colony this realm has ever seen!

Topics: Automation, Renewable energy, Custom tools, Minecraft modifications, Minecraft Forge API, Fabric API, Game-based learning, Minecraft basics, Modding history, Modded Minecraft history, Problem-based learning, Critical thinking, Simulation, Camp development, Environmental awareness, Java.

Intercultural programmes: campus tour at Obuda University, sightseeing tours in Budapest, city adventure, excursion in the Buda hills, tour to Szentendre, Hungarian cultural night. The detailed programme is attached.

Organizer: Obuda University International Education Office

Date: 27.06.2024. – 10.07.2024.

Summer University
